ART HOBBYISTS DISPLAY WIDE RANGE OF WORK

A meeting of the art and handicraft committee of the South Mountain Fair was held Sunday afternoon at the fairgrounds near Arendtsville to plan for additional hanging space and better presentation of the exhibits. The committee expects a record number of entries in the painting and crafts divisions.

An expert out-of-county artist will judge the show on Wednesday morning during fair week. The committee emphasized that all pictures submitted must be properly framed and wired. They should also contain the title, artist's name, and price, if the painting is for sale, on the back of the entry. Craft work should also be marked on the back. Materials for exhibit will be received on Monday evening from 6 to 8 o'clock and on Tuesday from 10 a.m. until 6 p.m. Nothing will be received after 6 p.m. on Tuesday.

For the first time a ribbon will be awarded for the best picture of the show. Because of the lateness of this decision, a cash award will not be made this year. Ernest Krape, chairman of the art and craft committee, has urged all artists to exhibit at the fair regardless of their experience or training. The variety of classes permits hobbyists with a wide range of interest to display their materials.

Reds Declare They Tested Intercontinental Rocket Missile Capable Of Hitting Any Spot On Globe; Have No Known Defense

By STERLING SLAPPEY
MOSCOW (AP)—The Kremlin has come forth with the first claim of successfully testing an intercontinental rocket missile capable of hitting "any spot on the globe." The announcement last night marked the most important Soviet military advance reported since Russia exploded her first H-bomb in August 1953. It put into mass production, the nuclear-armed missile would seriously effect the world balance of power.

So far there is no known defense against such a rocket. The statement broadcast to the world said the "super-range, multi-stage" rocket was tested several days ago. The missile flew at a record altitude, it said, covered a vast distance in a brief time and homed in on the target area.

Had Resumed Atomic Tests
The announcement did not say that the test rocket carried a nuclear-atomic defense.

Red Cross Invited To Join Community Chest; Directors And Committees Are Named

Three committees were named, four directors were appointed, plans were made for the annual fall membership meeting and study was ordered on a suggestion that the Red Cross seek admission to the Community Chest in Gettysburg at the August meeting of the board of directors of the Adams County chapter of the Red Cross Monday evening at the engine house.

The newly-appointed finance committee was directed to make a study of the proposal that the Red Cross seek admission into the Gettysburg Community Chest.

Red Cross Chairman George W. Naugle, who presided Monday evening, told the board that the Community has asked the Red Cross to become a member organization and take part in the annual Chest fund drive in Gettysburg the surrounding rural area. Naugle expressed the opinion that it is "too late to participate in the drive to be made by the Chest in October."

Cities County Drive
One Red Cross director expressed the opinion that the decision is "too important for the handful of us here this evening to make" and pointed out that the Red Cross still would have the problem of an annual spring drive in the county outside the Gettysburg area.

The new finance committee, headed by Col. Edwin Johnson, will study the matter and make a recommendation to the Red Cross board at a later meeting. Other members of the committee are: Radford H. Lippy, Ray J. Kitzmiller and Mrs. D. E. Winebrenner, New Oxford.

Other committees announced Monday evening included: Personnel, Mrs. LeRoy H. Winebrenner, chairman; Rev. Charles E. Held, Attorney Donald M. Swope and Mrs. William H. Pensyl, and nominating, Orville E. Orner, Mrs. Robert A. Willis, Rev. Amos Meyers and Attorney Swope.

A special committee to arrange for the annual dinner meeting of the entire membership will be appointed later by Naugle.

3 Directors Resign
After written resignations as members of the board of directors had been read from Mrs. John A. MacPhail and Dr. M. Esther Bloss, Naugle announced the appointment of these persons to fill board vacancies: Rev. F. Anthony Kane, Miss Margaret McIlhenny, all of Gettysburg, and Miss Rebecca Sachs, Biglerville, R. 2.

A suggestion by Chairman Naugle that organizations throughout the county be invited to participate in the Chest fund drive was approved.

The United States has referred to such a missile as the "ultimate weapon." It is generally known in the West as the intercontinental ballistic missile—the ICBM—with a range of about 5,000 miles. No other nation has claimed to have launched an intercontinental missile. However, Maj. Gen. Bernard A. Schriever, chief of the U.S. Air Force ballistic missile program, indicated last week that the United States has virtually completed the prototype of its ICBM.

The U.S. Army has covered between 2,000 and 3,000 miles with rockets based on its Jupiter intermediate range missile. The U.S. Air Force has under production a jet-powered pilotless but guided bomber, the Snark, which is considered able to travel from the American continent to major targets in Russia.

FILE ANSWER TO PETITION IN NOTE CASE

J. Clair Ford, Hunterstown, filed an answer to a petition for rule to open and satisfy judgment in the prothonotary's office Monday. The case dates back to March 1, 1957, when a judgment was entered in the office of the prothonotary for \$1,850 against James H. and Charlotte R. Waite, Hunterstown.

On July 27 the Waite entered a petition for rule to open and satisfy judgment stating that on November 18, 1953, they signed a promissory note of \$500 payable to Ford that he might obtain \$500 from the Farmers' and Merchants' Bank, New Oxford.

Ford claims the note was not just to obtain money but resulted from an oral agreement with the Waite to construct a dwelling and the note was considered as a down payment.

Cite Renewal Notes

The Waite claim that numerous renewal notes were signed by them and that on February 24, 1956, they signed one for \$384 which is now held by the New Oxford bank. They further claim that the principal amount now due on the note dated February 24, 1956, is \$333.40. The Waite state the February note, signed by them in blank, was intended to be a renewal note given in connection with the note of November 18, 1953, that Ford inserted the figure \$1,850 as the amount of the note and inserted July 1, 1954, as the date.

This, the Waite, s., was done without their authorization charging Ford with alteration of the note and that he has no claim against them for the \$1,850.

On July 27 the court granted a rule on Ford to show cause why the judgment entered by him "or the April term, 1957, should not be opened.

In his answer, Ford states that the last renewal note was signed on January 11, 1956, and not February 24 as claimed by the Waite and that the note was due on February 24. He admits that the note was signed in blank by the Waite and that he signed it as the guarantor. He claims the usual procedure was to have the New Oxford bank fill in the blanks of the note.

Claims Balance Due
Ford denies that the late note was intended as a renewal. He states that he completed construction of the house during July, 1954, with a cost of labor and materials amounting to \$6,400. He says that a balance of \$1,850 is due him. He further claims he demanded payment but the Waite declared their (Continued On Page 2)

SHOOTING CASE OPENS IN COURT THIS MORNING

The trial of Frank W. Dearing, also known as William Fred Dearing, 17-year-old Breckenridge St. youth, on charges of pointing and discharging a 12-gauge shotgun opened in Adams County court this morning.

Dearing is accused of injuring five persons when two shots were fired from the gun early on the morning of June 29 on W. High St. Three of those injured testified this morning: Rafael Fontanez, 30, S. Washington St.; Diane Norman, 18, and Patricia Fortune, 19, both of Chambersburg.

Both of the young women were struck in the legs by pellets. Fontanez received ten shots in the chest and upper legs and one shot in the face.

Two Others Injured

Also injured, according to police were Jose VegaGandia, 30, and Antonio Mojica, 25, both of S. Washington St. They had not testified this morning.

Miss Norman said she saw Dearing approach where she, Miss Fortune and Fontanez were standing at W. High St. near S. Franklin St. She said she thought he was "carrying a stick." She heard a shot and then was struck by pellets.

Miss Fortune said she did not see Dearing, but heard what she thought was a car backing into and heard Miss Norman "holler." She said she did not know till she and Miss Norman had reached a car on Franklin St. that she also had been struck by one of the pellets.

Miss Norman said she had not seen Dearing pointing the shotgun.

Shealer Testifies

Borough Officer Paul B. Shealer said he and Officer Raymond Menges were called from the Dorsey-Stanton American Legion Post "to stop an expected fight." "About 100 people were milling about in the street," he said but they found no weapons or fight at that time. They returned to the scene 20 minutes later and again about 2 o'clock, when they "heard a shot."

Shealer said, "It must have been the second of two shots, because we were told two shots were fired, but we only heard one."

The officers said William Dearing and his brother Joseph Dearing were on their knees in a vacant lot near the Legion home. "Joe was banging William's head up and down on the grass. I asked Joe what was going on and he said they were fighting."

Can't Find Gun

A few moments later the three Puerto Ricans, Gandia, Fontanez and Mojica appeared and "they were bleeding from the neck."

Shealer testified that Frank Dearing, after questioning, said he had been at the Stanton Legion, that some friends had come in and said "they were picking on other friends of his" and "went home and got his grandfather's shotgun." He returned to the scene and during the pushing and shoving the gun went off.

Inability to do so. In March, 1955, Ford claims he asked for a blank promissory note so the bank would lend the money, the Waites signing the note. When Ford endeavored to discount the note at the bank, he claims he was unable to do so. It was then, he states, that he completed the note in the amount owing and dated the note as the due date of the debt.

Ford further claims that the Waites signed the note to permit him to complete it for any sum up to the amount owing by them, \$1,850 plus interest. Ford states he had the Waites' authority to complete the note and denies any alteration of it.

IKE SIGNS BILL HIKING VET PAY

WASHINGTON (AP)—President Eisenhower signed today a bill hiking monthly payments to about two million veterans with disabilities from service.

The increases, effective Oct. 1, range up to nearly 25 per cent in the case of veterans who are totally and permanently disabled, but the rise will be about 10 per cent for most veterans getting the higher payments.

The cost to the government is estimated at nearly 167 million dollars for the first year.

In a statement, Eisenhower said he was signing the bill even though he felt it "inadequately compensates some veterans with more serious service connected disabilities while providing at the same time more than necessary increases to others."

"I have signed the measure notwithstanding these defects," he added, "because my refusal to do so would deprive veterans with service connected disabilities (a group which merits our particular concern) of any adjustments in their compensation."

JUNK DEALER CHARGED WITH HANGING BOY, 11

SARATOGA SPRINGS, N. Y. (AP)—A young, heavy-set junkyard collector has been charged with first-degree murder in the hanging of 11-year-old Peter Curran, whose death had been called accidental.

State police yesterday arrested Donald C. Smith, 23, of Ballston Lake. He was arraigned before a peace justice and ordered held for a grand jury.

Official statements that the boy's death was accidental had aroused residents of Ballston Lake the boy's home. They charged Saratoga County Sheriff Wesley DeVoe with incompetency in his investigation. A coroner had issued a certificate of accidental death.

Committed Sex Act

Carlton J. King, Saratoga County district attorney, said last night that he hanged the Curran boy July 20 from a tree near the boy's home. King said Smith was afraid the boy "would tell his parents about a sex act he had committed with the boy."

The coroner, Dr. Roland Faulkner, had said that the boy evidently tied a rope around his neck while he was playing in the tree and had lost his footing.

Ballston Lake villagers met last week and said they would demand a state investigation. More than 75 persons signed a petition saying they did not believe the boy's death was accidental.

But King maintained last night that state police had been working on the case all along.

At a meeting Friday with a group of villagers, King said DeVoe had performed his duty capably in investigating the death.

ELECT TEACHERS FOR BERMIAN SCHOOL SYSTEM

Eight new teachers were elected and bids approved for a new boiler and sewerage connection at a meeting of the Bermudian Springs Joint School System board Monday evening at the York Springs High School.

New teachers elected were Bennie J. Fadenrecht, 4-5-6 grades, Harbald School, York Springs; John Robert, commercial subjects, East Berlin; Robert Murphy, boys' physical education, East Berlin; Gordon Kaltrider, music, York Springs; C. Downing Knisely, history, East Berlin; Joan Shrope, home economics; JoAnne Kratzert, mathematics and science, East Berlin; Mary Snyder, elementary.

L. B. Slothour, East Berlin, was low bidder both for the renovation of the old boiler or replacement with a new one at the East Berlin School. Slothour asked \$2,365.87 for renovation and \$3,127.72 for replacement. In view of proposed expansion, the board voted to replace the present boiler.

Sewerage Project

Slothour was also low bidder for a project to tie the East Berlin School into the East Berlin sewerage system at a cost of \$1,907.41.

It was anticipated that construction of the addition to the present York Springs High School would start this fall pending approval of the plans by the State Department of Public Instruction at their meeting on September 4. The Bermudian Springs board will meet September 16 to pass on the project.

It was voted also to have one athletic team represent the entire Joint School System with participation in football, basketball, soccer, and baseball if there is sufficient interest and playing areas can be found.

The election of the eight teachers leaves the jointure with only one vacancy in English.

Man Dies After Fall From Train Platform

PHILADELPHIA (AP)—A man fell from the platform of the Lombard-South station of the Broad Street Subway today and later was pronounced dead on arrival at Pennsylvania Hospital.

The cause of death was not determined immediately.

Today's Talk

OUR BLESSINGS

Our blessings are the dividends that come to us for living the good life and inviting others to join! They don't just happen. They are earned, and those who have them are our friends, and the good Lord.

If you think you don't have very many blessings just look about you. Get a pad and write down their names, then write down as many blessings as you can think of. Those that we all have far outnumber those that we don't have. You may be blessed with good health, many friends and with work that gives satisfaction and hope.

We are most enriched by blessings that we appreciate. Inward happiness and gratitude to God for our blessings are what keep them on to others, to those who may have thought that they had little for which to be thankful. Our blessings are what are left over after we have rendered service to others, and gone to our rest for the night, happy and with all fears dismissed. The useful and unworried invite the choicest blessings.

It is an inspiring thing to count our blessings by naming them one by one. We are often too forgetful of them. By naming them we bring them out in the open where we can take a good look at them! By doing this you challenge others to look at their own. There are blessings that keep following people without their notice!

Our blessings are our greatest asset for they inspire us to take the sunny side of life, and invite others to do the same. They help us to appreciate life and all its good offerings. And where do we get the most of them? God is their author and giver!

Tomorrow Mr. Adams will talk on the subject: "Friends Unforgettable"

Just Folks

DISPLAY

We show ourselves to all we meet. Make deals to sell and buy. But there is none that we can cheat. Though shrewdly we may try. And as we deal with others so. With us to deal they'll choose; As all affairs in business go. A friend we gain or lose.

Our traits to others we display. But if at them they stare. And see us at our worst, then they will seek for friends elsewhere. Choice must be made, for this is sure: One glance is quite enough; Some for long friendship will endure. And some are shoddy stuff.

Inoculation was advised by Dr. Leroy E. Burney, U.S. surgeon general, who said persons with a history of heart or lung ailments are more likely than others to suffer side effects from the disease.

MAYSVILLE, Ky. (AP) — Two-year-old Carol Hord got minor injuries and a major scare when she tried stuffing rifle cartridges into a cigarette lighter hole of her parents' car.

The cartridges went off with a bang, knocking the lighter mechanism out of whack and slightly singeing the tot.

HARSH LANGUAGE BY WOMAN STIRS GEN. O'DONNELL

WASHINGTON (AP) — Lt. Gen. Emmett O'Donnell says he was "shocked at the harsh language" used by Sen. Margaret Smith (R-Maine) in accusing him of false testimony before a Senate committee considering Reserve promotions.

One of the proposed promotions would have made movie actor James Stewart a brigadier general in the Air Force Reserve.

In a statement yesterday, O'Donnell—Air Force deputy chief of staff for personnel—said he had been "wrongly accused" of false testimony before the Senate Armed Services Committee, of which Mrs. Smith is a member.

The committee last week approved nine of 11 Air Force reservists nominated for promotion. The nine subsequently were confirmed by the Senate. Largely because of Mrs. Smith's opposition, the other two—Stewart and businessman J. B. Montgomery—were not approved by the committee.

Accuses General

Both Stewart and Montgomery, Reserve Air Force colonels, were nominated for brigadier general. Montgomery left active duty two years ago as a major general to enter private industry.

Mrs. Smith put into the Congressional Record her statement accusing O'Donnell of "extensive false testimony" concerning the nominations. She claimed some of the Reservists up for promotion, including Stewart, had not been sufficiently active in Reserve training.

In his reply, O'Donnell said all 11 persons on the promotion list had taken part in Reserve activities "to the extent required" in order to be considered for promotion.

The general said Mrs. Smith indicated she had deliberately falsified his testimony with the intent of deceiving the committee.

"This allegation and its attendant implications are wrong," O'Donnell added.

The retreat leaders will be the Rev. Dr. Charles E. Schaeffer, Rev. Wayne Glick, of the Department of Religion, Franklin and Marshall College, Lancaster; Rev. Maurice Smith, pastor of Emmanuel Evangelical and Reformed Church, York; and Rev. James W. Moyer, Carlisle, president of the Merceburg Synod.

Rev. Herbert L. Rice will be camp director; Kenneth Shoap, recreation director; Luman Rensch and Clarence H. Smith, music directors; Val D. Sheaffer, registration and camp treasurer; John Keplinger, literature table and morning watch.

Boy, 3, Suffocates In School Locker

HOUSTON, Tex. (AP) — Steven Gaspard, 3, was found suffocated in locker 13 of St. Theresa's Catholic parochial school yesterday after his parents, neighbors and police searched the area for nearly 12 hours.

Mrs. Joseph Gaspard said the boy disappeared from the playground while she registered her other son, Glenn, 6.

Police said the locker had a spring latch and there was no way it could be opened from the inside. There were no marks on the boy's body and Mrs. Louella Roie, a policewoman, said he apparently suffocated.

Locker 14, next to the one in which the boy died, is painted with a picture of a child praying and the words "...now I lay me down to sleep."

Dry Weather Seen For Most Of Nation

By THE ASSOCIATED PRESS

There were some wet spots, but dry weather prevailed in most sections of the country today.

Light rain fell in the Dakotas and near the leading edge of the cool air in southern Nebraska. Scattered areas of light rain were reported eastward across the upper Mississippi Valley and scattered thundershowers hit areas in Kansas and westward over most of the Rocky Mountain region.

Rainfall in the East was confined to showers in New England and Virginia. Skies were clear in the southeastern part of the country and in most parts of the Pacific Coast states.

Operate On Solon For Fractured Hip

WASHINGTON (AP)—Rep. Walter (D-Pa.) undergoes surgery today for a broken left hip, suffered when he fell outside the old House Office Building last Friday.

Dr. Darrell Crain said the 63-year-old congressman probably will remain in Georgetown University Hospital for at least two weeks. The operation was scheduled for this afternoon.

Walter, chairman of the House Committee on Un-American Activities, was scheduled to move for a suspension of rules this week so the House could take up a proposed immigration bill.

Rep. Celler (D-NY) aid last night he would act for Walter on Wednesday.

York Girl, 18, Is Crushed To Death

RED LION, Pa. (AP)—A York girl was crushed to death last night beneath an overturned automobile after it hit a utility pole after falling to round a curve. Three others suffered minor injuries.

The victim, Peg Lorraine Mundy, 18, suffered a crushed chest and internal injuries.

State policeman John Manley said Joan Badders, 22, Dallas, one of those injured, was driving the car when it went out of control. She was treated for cuts and bruises as were the other two passengers.

Two Senators Split On FBI Files Bill

WASHINGTON (AP)—Voting along party lines, U.S. senators from Pennsylvania split yesterday in the 45-30 roll call vote which rejected an amendment by Sen. Dirksen (R-Ill.) to the FBI files bill to strike out reference to federal rules of criminal procedure.

GOP Sen. Martin was recorded as voting for the bill. His Democratic colleague, Clark, voted against it.

Stan Drobac, assistant tennis coach at Michigan State, won a Big Ten singles title and shared the doubles crown twice while competing for the Spartans.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—The most powerful single feature in the civil rights bill—expected to be passed soon by Congress—was one which received little attention and caused almost no fighting.

It's the broad authority of a federal judge to force compliance with his orders under civil contempt proceedings. Most of the attention and fighting were concentrated on what he could do under criminal contempt.

This is an example of what a judge could do to a man accused—in a voting rights case—of civil contempt of court for not carrying out a court order.

Suppose a judge in a Southern state orders Registrar Jones to let a Negro named Smith register to vote. The deadline for voting comes near and Jones hasn't complied. Then the judge:

Has Many Decisions

1. Could try Jones—by himself and without a jury trial—for civil

contempt.

2. He could slap Jones in jail without any fixed sentence. Jones could be jailed until he sends word to the judge he will comply.

3. He could fine up to any amount—there's no limit—to force his compliance. If Jones complied, the judge could then remit the fine.

4. He could fine Jones day by day, for every day he does not comply.

5. He could award damages to Smith. This would probably come out of the fine imposed on Jones. But in this case—once the damages wouldn't get his money back even if he complied.

6. He could ask Jones to file a large bond to insure his compliance. For example, he could set the bond at \$50,000. If Jones got a company or an individual to put up the bond, the company or individual would be pressuring him to comply.

The reason is simple: If Jones didn't comply, the bond would be forfeited.

7. He could order a United States marshal to register Smith if Jones didn't comply by registering the man himself.

8. Or he could order Smith to go ahead and vote without being registered. In this case, no doubt, Smith's vote might not be counted.

Mad River Can't Stop Lake Firemen

EUREKA, Calif. (AP)—Firemen from nearby Blue Lake answered a fire alarm only to find the Mad River between them and the fire yesterday.

But they mounted a portable pump on a stray raft and pad died across. Most of the firefighters had to abandon their clothes and swim the river.

One fireman remained behind to discourage peeping toms.

It took over three hours to put out the fire, which was burning logs and debris on a sand bar in the river.

The only injuries were sunburns.

Local Delegates Attend Convention

Delegates from Gettysburg attended the district convention of Jehovah's Witnesses in Memorial Stadium, Baltimore, Sunday when Nathan H. Knorr, president of the Watch Tower and Tract Society, declared: "Only God's Kingdom that Christians pray for in the Lord's prayer will heal all nations."

There were delegates from 39 states, Puerto Rico and Canada.

"The whole world is in a very sick condition," stated Knorr, who recently completed a Bible speaking tour of six assemblies in the United States. "Especially is this true of the moral, religious and political conditions."

Harold E. Cluck, presiding minister of the Gettysburg congregation, said that a highlight of the assembly was the baptism of 1,034 new ministers.

criminal contempt cases there must be a jury. The Senate wrote that into the bill. But the House Republicans wouldn't buy it. So the bill was stalled in the House for weeks.

Now a compromise has been agreed to by House and Senate leaders and, when the bill is passed, this is what it will say:

A judge can still try an individual for criminal contempt without a jury provided the penalty he imposes does not exceed 45 days in jail or a \$300 fine.

If he wants a man to be punished more than that, the judge must let the case be tried by a jury. If found guilty of criminal contempt by a jury, the maximum penalty would be six months in jail and a \$1,000 fine.

TAX WRITE-OFFS TO END IN 1959

WASHINGTON (AP)—Fast tax write-offs for industry will end on Dec. 31, 1959, under a bill signed yesterday by President Eisenhower.

The program was inaugurated in World War II, and re-enacted during the Korean War, to give industry incentive to expand defense production. Under the plan, certain industries were allowed rapid write-off, for the purposes, of plant investments.

In the 16 months remaining before the plan ends, fast write-offs will be granted for a limited number of specialized defense items or atomic energy requirements.

It has been estimated the cost to the government in postponed taxes will reach about five billion dollars under rapid amortization certificates issued since the Korean War.

Declare Shapiro Hampers Programs

HARRISBURG (AP)—Two Republican lawmakers contended that Harry Shapiro, state welfare secretary, is unnecessarily hampering personnel and programs at state mental hospitals.

"... If Secretary Shapiro would stop interfering in hospital administration hospital personnel would be far happier and their worthwhile programs would not be unnecessarily hampered," said a state issued by Rep. Norman Wood (Lancaster) and Sen. Edward J. Kessler (Lancaster).

They visited state mental institutions at Wernersville and Allentown last Friday and were critical of Shapiro's plan to cut back on farm programs at the hospitals.

Giants Crush Redlegs 17-3 In 32-Hit Slugfest; Yanks, Braves Lose; Red Sox Win

By ED WILKS
The Associated Press

Maybe there is going to be a race in the American League after all. The New York Yankees look bad and Manager Casey Stengel looks nervous.

Faced by a three-game show-down against the Chicago White Sox opening tonight in Comiskey Park, O'Casey played a hunch and came off second best in Detroit yesterday as the Tigers cracked the Yankees 5-2 and whittled their lead to 3½ games. It was New York's fifth defeat in seven games.

Which means the second-place White Sox, who have won six straight, can edge within three percentage points of the champs — if they can sweep the three-game set.

Boston Beats A's 16-0
Only one other AL game was scheduled yesterday and as far as the A's are concerned it should have been in Kansas City. Boston bopped 'em 16-0.

In the National, Milwaukee's Braves slipped to a seven-game edge over idle St. Louis and Brooklyn in a 4-3 defeat at Philadelphia. That gave the Phils sole possession of fourth place as the New York Giants clubbed Cincinnati to fifth 17-3.

Stengel, with pitching worries aplenty, started southpaw Tommy Byrne against the Tigers. But when the veteran hit a batter, walked another, gave up a home run to slugger Al Kaline and walked the next man, Casey called it quits and called in young Johnny Kucks in the first.

Mantle Homers
Kucks did all right, giving up two runs on six hits the rest of the way, but it was too late. After Frank Lary gave up Mickey Mantle's two-run 33rd homer in the first, the Tiger right-hander blanked the Yanks on seven hits.

Casey gambled in using Kucks, and not waiting out the usually wild Byrne, and lost a starter for the Chicago series.

Kaline's homer was his 17th — third in the two-game Detroit sweep — and helped push him to 300 for the first time since June. Mantle's average also went up, but at .377 he stayed two points back of Boston's Ted Williams, who was 2-for-4 for 379.

Blow 3-0 Lead
The Phillies blew a 3-0 lead before beating the Braves on Ron Northey's pinch bases-loaded single in the ninth. Ed Mathews' two-run single had tied it for Milwaukee in the eighth and when Wes Covington and Bob Hazle singled to open the ninth, 16-game winner Jack Sanford hit the show-ers. Dick Farrell relieved and retired the side for his sixth victory. Ernie Johnson lost it in relief.

Boston rapped six home runs, two by Frank Malzone, and bunched four of them in a 10-run seventh inning. Willard Nixon claimed his first shutout in more than a year with a five-hitter while the Red Sox smacked 19.

The Giants also had 19 hits, but only two homers — by Danny O'Connell and Hank Sauer. The Redlegs, losing 13 of 14, had 13 hits for a two-team total of 32, a season high for a nine-inning game in the NL.

They will be looking for a half-carat diamond solitaire ring.

Mrs. Geri Johansen, 23, said she gave the ring to a friend, Mrs. Joan Sheeler, 24, when it pinched her finger while they were playing golf. The ring wasn't discovered until they had finished the round.

Armstrong has yet to register a knockout—but he is a clever boxer. Last night, he outpointed Rudy Sawyer of New York, in the feature 10 at St. Nicholas Arena.

Sawyer, who has a reputation as a puncher, had won nine bouts and been held to only one draw before he came a cropper against Armstrong.

ADVERTISE IN THE TIMES

ROBIN ROBERTS DENIES HE IS "WASHED UP"

By JOE REICHLER
PHILADELPHIA (AP)—Pitching, once so easy and so much fun, has become a chore and a challenge to Robin Roberts.

The former mainstay of the Philadelphia Phillies admitted today he may have lost some of the stuff that used to overpower the hitters, along with some of his once gilded poise and confidence. But he scoffed at widespread reports that he was all through as a top flight hurler.

"Me washed up? I should say not," he replied. "For a guy with an 8-18 record, this may sound like sour grapes but I know I can still win. And I'm sure I can go on winning for several years yet. And I'll prove it when I get another chance."

"Hard To Take"
Although still not fully recovered from the shock of his demotion to the bullpen, the six-time 20-game winner declared he held no grudge against Manager Mayo Smith for his dramatic decision.

"Sure it's hard to take, and I suppose it denies my pride somewhat," said Roberts, 30, trying to hide the hurt look in his eyes. "But what else could he do? How much longer could he go along with a guy who has lost 18 games? No, I can't blame him. Goodness knows, he gave me plenty of chances. No sir, I've got no complaints."

Called "Bewildered"
"I had to do it, for his own good and for the good of the team," said Mayo. "The man is bewildered. Maybe he'll find himself after a whirl in the bullpen. I certainly hope so. But he's got to realize he needs help. He can't do it with what he's got. He needs something else. If only he weren't so stubborn."

It is the contention of Smith and other veteran baseball men that Roberts must add a pitch—such as a screwball, a knuckleball, a sinker—to his repertoire if he is to become a big winner again. Otherwise he is on the way down—and out.

Hit Best Pitches
Robbie doesn't agree. Never one to alibi or be anything but honest with newspapermen, the right-hander refused to blame his poor pitching on an injury or illness. "They just seem to be hitting my best pitches, that's all."

"No one has to tell me how bad I've been," he said. "It's been a long nightmare for me. There was a time when pitching was so much fun. I got so used to winning that honestly at times I felt it was so easy. There wasn't a time when I went out to the mound that I didn't feel confident I'd win. Now when I go out there I hope—and wonder, too—whether this would be the time I'd finally win one. It's become a challenge for me now."

"Maybe I'm stubborn as they say I am. Maybe I've got false pride. But I'd prefer to believe it's conviction and determination and belief in myself. Whatever it is, I've got to do things the way I see them. It's my problem and I've got to work it out my way."

Eastern League
By THE ASSOCIATED PRESS

The two principal contenders for the Eastern League baseball pennant are the Boston Braves and the Binghamton Triplets.

Both the Binghamton Triplets and the Schenectady Blue Jays swept doubleheaders last night, leaving Sunday's gap unaltered.

At Binghamton, lefthander Ed Dick pitched the Triplets to a 6-3 triumph over the Allentown Chiefs in the opener, which was a continuation of a game suspended on July 27 by a power failure. Right-hander Cleo Lewright carried off the nightcap, 8-3.

Working hard to keep up, the Blue Jays took two from the Albany Senators at Schenectady, 2-0 and 4-3. Homers by Johnny Pedretti and Eddie Wuytula aided the Jays in the first game, while shoddy Albany fielding helped them in the second.

In the league's other twin bill, the visiting Reading Indians took an extra-inning opener from the Springfield Giants, 4-2, but the Giants tipped the scales in their own favor in the nightcap, 7-5.

Phils Top Million Mark Third Time

PHILADELPHIA (AP)—For the third time in their 82-year National League history the Phillies yesterday topped the million mark in home attendance.

A crowd of 21,397 that turned out to see the Phils beat the Milwaukee Braves 4-3 boosted the season's total to 1,020,955. In 1950 the pennant-winning Phils drew 1,217,035—the all-time high—and in 1946 a fifth-place team attracted 1,045,247 home fans.

Since 1950, when Michigan State became a member of the Western Conference, Spartan teams have won eight league titles and shared two others in the Big Ten.

43 Bullets Will Report To Coach Eugene Haas Next Monday For Opening Football Sessions

Gettysburg College will begin fall football drills on Monday, September 2, with 43 candidates reporting to new head coach, Eugene Haas. Haas, line coach for the past three seasons, succeeded John Yocivich when the latter moved to Harvard.

Included among the 43 candidates will be 16 lettermen and seven starters from last year's team which won seven games and lost only two. The Bullets, who lost their first two 1956 games, take a seven-game winning streak into this year's September 28 night opener against Bucknell at Hershey, Pa.

Included in this year's pre-season workouts will be a full-dress scrimmage with George Washington University on Saturday, September 14, at Gettysburg.

Haas's biggest problems appear to be at end and quarterback, and before the campaign opens he'll have to develop a pair of flankers to replace graduated starters Bill Ward and Art Hendley, and a quarterback to succeed Chike Heverly.

Letter-winner Stan Musser, a senior from Gettysburg, and sophomore Chet Knight, a 6-2, 205-pounder from Chestertown, Md., could land the end jobs, while lettermen Dick Stravolo, Chambersburg, and Neil Hickoff, Duncannon, both juniors, will battle newcomers Ed Books, Boiling Springs; Nick Kacandes, Neptune, N. J.; and Howie Minnich, Harrisburg, for the quarterback position.

Other Veterans
Returning lettermen, in addition to Musser, Stravolo and Hickoff, include tackles Bob Barkley, Cleveland, Ohio; Marty Hoffman, Hershey, Pa.; Al Kempton, Clifton, N. J.;

GHS Booster Club Starts Projects For New Season; Kickoff Program Sept. 4

Several projects were started at a meeting of the Gettysburg High School Boosters Club which was held in the offices of the Adams Electric Cooperative, N. Stratton St., Monday evening.

As one phase of the new slogan, "Follow The Warriors," it was decided to contact local merchants who will be asked to display large individual photos of Warrior football squad members.

It is planned to have pictures 20x24 inches of the players in full uniform. They will be paid for at a cost of approximately \$7 each and will be displayed in store windows throughout the football season after which the pictures will probably be presented to the players by the merchant.

Program September 4
Ben Jones, new high school football coach, and two of his staff, Don Bickel and Bill Williams, attended the meeting. Jones told the group of the kickoff meeting for

parents and fans which is being prepared for Wednesday evening, September 4, at 8 o'clock on the high school field.

An interesting program is being set up and full details will be announced later.

Discussion was held on other proposals in the drive to build up more interest and a larger backing for the Warrior football squad during the coming season.

Furnish Transportation
Directors of the club voted to again pay for gasoline and for a driver to transport squad members who live in rural areas.

John Stahl, president of the club directors, presided at the meeting. The Warrior squad began its second week of workouts on Monday. Morning and evening sessions are scheduled the remainder of the week with one-a-day sessions listed after school begins next week.

Westminster High comes here on Friday evening, September 13, for the opening game of the season.

White Sox Face Crucial Test In 3-Game Series With Yanks

CHICAGO (AP)—The Chicago White Sox, putting on a frantic drive to end the New York Yankees domination in the American League, open a three-game "last gasp" series against the perennial champions tonight.

And the Sox, riding the crest of a six-game winning streak which has cut New York's lead to 3½ games, are ready.

It will be the first time this season that the Sox face the Yanks with catcher Sherm Lollar and center fielder Larry Doby both in top physical condition. Manager Al Lopez has his three top pitchers well-rested for the Bombers.

Lopez figures his pitching will hold up but he hopes that Lollar and Doby can provide the necessary offense which has been sagging all season with the exception of Nellie Fox and Minnie Mingo.

"We can win the pennant," says the mild-mannered Lopez, "if Lollar and Doby give us a boost with their bats."

Lollar missed some 40 games because of an injured wrist but currently is the hottest hitter in the Sox lineup. He has hit safely in the last eight games, driving in 12 runs and averaging 419.

Doby, also injured part of the season, is in a slump which has dropped his average below the .300 mark. He is hitless in his last 12 at bats but usually puts on his best performance against the Yankees.

Lopez plans to use Jim Wilson (13-4), Billy Pierce (17-9) and Dick Donovan (15-3) against New York in that order.

Manager Casey Stengel plans to go with right-handers Art Dittmar (8-3), Bob Turley (10-5) and Tom Sturdivant (12-6).

The Sox must win two if not all three games to stay in serious contention.

guards Don Harmon, Lancaster, Pa.; Jules Prevost, Radnor, Pa.; Dick Rowan, Harrisburg, Pa.; centers Dave Yohn, Palmyra, Pa.; Arlie Olsen, Hockessin, Del.; halfbacks Jim Flood, Abington, Pa.; Don Hailey, Camden, N. J.; Al Pingitore, Long Branch, N. J.; Earl Yost, Shippensburg, Pa., and fullback Frank Capitani, Hershey, Pa. Kempton, Yohn, Harman, Hoffner, Hailey, Yost and Capitani were starters.

Several outstanding sophomores in addition to Knight could see considerable action this season, including guard Jim Hess, a 6-0, 195-pounder from Curwensville, and fullback Dick Davidcock, a 5-10, 180-pounder from Summit Hill.

Star Backs Return
With the exception of quarterback, the Bullets 1956 backfield returns intact, with halfbacks Yost and Hailey and fullback Capitani all playing their final campaign. Capitani, first team all-state last year, led the team in rushing, total offense, punting and pass receiving and was second in scoring. Hailey was the team's top scorer and was a third in rushing while Yost was the No. 3 scorer and runner-up in rushing.

Following the opener against Bucknell, the Bullets tackle Western Maryland, Lehigh, Albright, Muhlenberg, Lafayette, Scranton, Temple and Franklin and Marshall.

BUCKNELL HAS 12 VETS BACK

LEWISBURG — Coach Harry Lawrence has invited 37 football candidates to participate in Bucknell University's pre-season training period which is slated to get underway at Memorial Stadium next Monday.

Lawrence and his coaching aides, Bill Wraley and Roger Oberlin, will conduct two workouts daily in an effort to prepare the squad for its September 21 opener against Albright. The Bisons meet Gettysburg at Hershey Saturday, September 28.

Twelve lettermen, including 10 regulars, are expected to be on hand for the initial drills. In all, there will be 17 sophomores, 10 juniors and 10 seniors reporting for grid action.

Letter-winners due to check in are: Linemen Rogers Frassell, Slickville; Bruce Nealy, Ridge Creek; N. J.; Bob Holmes, Tuttle Creek; Dick Hunn, Roselle, N. J.; Bill Walasek, Niagara Falls, N. Y.; Lew Hart, Morrisville; Gene Meehan, New York City; and Mike Hixson, Washington, D. C.; and backs Terry Peterman, East Greenville; Chuck Wagner, Oakmont; Jack Brothers, Greensboro, N. C.; and Bob Fitzsimmons, Baltimore.

In their 72nd year of intercollegiate football the Bisons will be striving to improve upon last season's 3-5 record.

EXPECT RECORD CROWD AT 32ND HAMBLETONIAN

DUQUOIN, Ill. (AP)—The 32nd Hambletonian, climaxing Grand Circuit harness racing, will be trotted on the lightning-fast mile oval of the State Fairgrounds today before an expected throng of 50,000.

Held at this coal mining community of 7,100 population for the first time after being a fixture at Goshen, N. Y., the Kentucky Derby of the sulkeys will gross \$111,126.25, its second richest purse.

Attendance in the past has been upwards of only 16,000. The crowd jamming DuQuoin comes not only to watch the big event but also to attend the fair.

Expect Record
In this Mardi Gras setting, where pari-mutuel betting is prohibited the Hambo will be contested for the first time in divisions, making for one of the longest drawn-out competitions to determine the winner since the race was inaugurated.

Difficult Feat
The first division will have a field of 11 horses and the second division will have 10. The 3-year-olds will trot two heats in each division. The heat winners then will return for the showdown mile for the championship.

With cash prizes for the first four finishers in each heat—as well as a winner-take-all jackpot of \$21,780.74 for the fifth and final mile the maximum winner's share would be \$47,917.62. To attain this, a horse must win each heat in his division and the fifth heat, a very unlikely assignment.

The competition starts at 2:45 p.m. EST and winds up about two hours later.

The favorites are Hoot Song, driven by Ralph Baldwin; Buckeye Demon, piloted by Harrison Hoyt, only amateur ever to win the Hambo (1948 with Demon Hanover); and Hickory Smoke, Winter book favorite with John Simpson at the reins. Twice in the last 10 years a favorite has won.

Slow Pitch Title Game Wednesday

The playoff championship of the Recreation Slow Pitch League will be decided Wednesday evening at 7 o'clock when the 50-50 Class meets The Gettysburg Times on the Recreation field diamond. Originally it was planned to hold a three-game series but later it was decided to stake but one game.

The 50-50 Class swept to the regular season championship with an 11-1 record and defeated the Luther League 7-3 last week in the opening game of the playoffs. The Times finished second in the league and dealt the 50-50 outfit its lone loss.

ELKS WIN 15-3 TO TIE SERIES; PLAY TONIGHT

The Elks blasted out a 15-3 victory over the Hess Antiques Monday evening at the Recreation Field to even the five-game series for the playoff championship of the Softball League at one game each.

This evening at 7:30 the teams will clash in their third game while the fourth game is scheduled for Thursday evening at 7:30. If a fifth game is required, it will be played Friday night.

A total of 11 hits were pounded out by the Elks with Schmitt and Saunders each collecting two, one of the latter's being a double. Myers poled a single and double to lead the five-hit attack of the Antiques.

The Elks scored a run in the first inning and added three in the top of the third before the Antiques tallied a run in their half of the third.

A six-run spree in the final inning put the clincher on the game for the Elks.

PROMISING ART DONE BY PARROT BARRED AT SHOW

LOS ANGELES (AP)—The jig is up for Rajah, the one-eyed parrot who dabbles in art.

He was unmasked yesterday after his ninth showing at a city-sponsored art exhibit. An anonymous telephone tipster said his paintings were not only for the birds, but by one.

"A parrot?" exclaimed officials, many of whom had acclaimed Rajah's abstract oil, "Cathay Laos," as the work of a promising artist.

"A parrot," sadly confirmed Rajah's owner, Miss Chandra Poweris, a writer and illustrator. She had entered the bird's painting under the name, "Rajah Chandra."

"Now that people know Rajah isn't human he won't be able to exhibit at art shows," said Miss Poweris, who has supervised the parrot's three-year art career.

She began by giving Rajah a first-hand appreciation of the masters.

Visited Museums

"I'd put him in my handbag and sneak him into museums to see famous paintings," she said.

At a recent Van Gogh exhibit the Asian-bred dwarf parrot peeked out of the bag and began muttering in Chinese, Miss Poweris said, "So we left quickly."

"Other times he'd just look and absorb," she added.

When painting, Rajah holds the brush in a claw and squirts at the canvas with his one good eye. When he develops claw-cramp, he switches to his beak. Sometimes he works three hours without a cracker break.

The parrot—a member of several art associations, whose meetings he doesn't attend—has painted more than 750 watercolors. "Cathay Laos" was his first oil, Miss Poweris said, and presented problems.

"Turpentine on the palette made him a bit giddy," she said.

PLANE CRASH KILLS PILOT, BURNS HOMES

PITTSBURGH (AP)—Naval investigators sought today to determine the cause of a training plane crash in the village of Clinton near the Greater Pittsburgh Airport. The pilot was killed and two houses were destroyed by fire.

The plane, a propeller-driven T-28, plowed into the two houses, knocked down a tree and a utility pole and skidded into a barn. Wreckage was spread over a wide area.

At least 17 persons, including 13 children, in the immediate vicinity miraculously escaped injury.

Had Visited Parents

The pilot was identified as Lt. (J. G.) Robert Krane, a Navy flight instructor at Beeson Field, Foley, Ala. He had visited his parents in suburban Ben Avon and had taken off from the airport bound for Youngstown, Ohio.

Maurice Ritchey, who was alone in one of the houses, said:

"I heard a terrible crash and explosion. Glass and everything flew around me and I was knocked to the ground."

In the other house, Mrs. Peg Schmidt; her sister, Mrs. Mary Fabian of Brunswick, Me., and the latter's three children fled when the plane hit.

Five children playing in the backyard of the residence adjoining the Ritchey home were also unharmed, as well as three occupants—Mrs. Mary Lou McConnell and her 15-month-old twin boys.

THE BIG SLEEP

ALBUQUERQUE, N. M. (AP)—Deputy Sheriff Joe Martinez went out on a "family trouble" call. The woman led him into a bedroom, pointed to her husband and declared: "He won't get out of bed!" Martinez said he asked the man to get up, but the man replied: "Why? I'm not going anywhere." The deputy left and the man turned over to settle down for a longer snooze.

Disputed Bill To Protect FBI Files Faces House Vote Today

WASHINGTON (AP)—House leaders expected swift passage today of a bill sponsors say is needed to protect FBI files from indiscriminate rummaging.

The Senate passed the disputed bill by voice vote last night, but only after revising it to specify added protection for defendants in criminal prosecutions. Two administration attempts to strengthen the measure were beaten on party-line votes.

Rep. Keating (R-NY), an author of the administration bill in the House, said he expects word from Atty. Gen. Brownell today opposing the Senate-approved amendments which were sponsored by Sen. O'Mahoney (D-Wyo.).

Differ On Bill
Keating predicted the House would stick close to the administration's version of the measure.

Rep. Celler (D-NY), chairman of the House Judiciary Committee, said he would try for House approval of the O'Mahoney amendments.

Court Orders New Trial

The bill stems from a June 3 decision by the Supreme Court that Clinton Jencks, a former union official, had a right to examine material in FBI files furnished by witnesses who testified against him, so the defense might try to impeach their testimony.

Jencks had been convicted of swearing falsely that he was not a Communist. The Supreme Court ordered a new trial.

Since then, several lower federal courts have ordered government agencies to open their confidential files or dismiss criminal charges. But the lower courts have come up with different interpretations of the Supreme Court's decision.

Both the Keating measure and the Senate-passed bill follow the same general pattern in trying to spell out the Jencks ruling so as to protect confidential files while safeguarding defendants' rights. But Sen. Dirksen (R-Ill.) said the Senate version is too weak to do the job.

Dirksen sought to eliminate one of the provisions which is designed to make sure that the measure does not affect federal rules of criminal procedure. Some of these rules give certain rights of pretrial disclosure of government files to defendants. Sen. Clark (D-Pa.) said that in the bill's original wording the Justice Department had sought to repeal the rules of procedure on the fly.

The novel, "Gone With the Wind," has been translated into thirty languages, more than "Uncle Tom's Cabin."

POLICE HUNTING DEATH WEAPON

VINELAND, N.J. (AP)—Police searched a rural area near Millville today to see if any one was target shooting an odd-sized foreign-made gun believed to have killed Paul H. Graubeding.

An autopsy on the 59-year-old oil researcher last night disclosed he had been killed by a single shot in the head fired from outside the car in which he was found dying Saturday.

No gun was found around the car, parked in Maurice Township near Millville.

Consult Ballistics

After the autopsy Cumberland County physician, Dr. Irwin Atkinson, said he was sending the bullet to ballistics experts in Trenton.

He said it was an odd size, and that police believed it may be from a .25 caliber gun, a size popular in European weapons.

Graubeding was born in Germany and was naturalized as an American citizen last year. He lived at Iona Rd. in Franklinville and worked as a researcher for the Socony Mobil Oil Co. at Paulsboro.

The number of students enrolled in higher education in the United States has increased from 50,000 in 1870 to more than 3 million in 1957.

Opponents Of Foreign Aid Move To Erase Huge Boost

By ERNEST B. VACCARO

WASHINGTON (AP)—Foreign aid opponents mobilized for an uphill fight today to try to wipe out a \$500,000,000 increase over House appropriations for military and economic aid abroad.

These forces, headed by Senators Ellender (D-La.) and Russell (D-Ga.), made their stand against the united opposition of Senate Democratic Leader Lyndon B. Johnson of Texas and Senate Republican Leader Knowland of California.

The Senate Appropriations Committee yesterday voted 14-7 for a bill carrying \$3,692,710,000 in new and reappropriated money for this fiscal year which began July 1.

This figure was \$308,750,000 below the ceilings in the recently enacted authorization bill, and \$747,500,000 under the \$4,440,210,000 Eisenhower originally asked in new and reappropriated money.

May Face More Cuts

If sustained by the Senate, the committee's total would be subject to further cuts in a conference with the House. Indications are the compromise might end up about midway between House and Senate totals.

Rep. Passman (D-La.), who would be a leading House member of the House-Senate conference committee, served notice that he will fight for a sizable cut below the indicated Senate figure.

Passman told a newsman that since the House voted by a 2-1 margin for its bill it won't agree to go much higher. He suggested that the House conferees might okay another 100 million dollars, more or less, because of adjournment pressure.

Reject Arguments

The arguments of Ellender and Russell were rejected when the committee yesterday recommended \$3,205,660,000 in new appropriations — against the \$2,524,760,000 voted by the House — plus \$667,050,000 in reappropriations which the House previously approved.

Under it, any nation which receives a loan from the fund would have to begin making both interest and amortization payments immediately after the end of the first year.

Murder Is Erased As Corpse Vanishes

MEXICO CITY (AP)—Estrada Rendon, an assault victim, was officially dead but police couldn't find the body where it was supposed to be, in the morgue of Juarez hospital.

They were sent there by the district attorney to verify officially the death of the man who has "three wounds from a sharp knife." Rendon was known to have been given first aid by the Red Cross and then sent to the hospital.

Finally it was learned Rendon was dead on paper and recovering fine.

By clerical error on hospital records, his name was switched with that of a heart attack victim.

KNOXVILLE, Tenn. (AP)—Burglars, using an acetylene torch to open a beer distributor's office safe, ran into complications—the torch also burned up the money inside.

To drown their sorrows, they helped themselves to the firm's beer. Police said beer bottles were strewn all over the place when they arrived.

NAVY VETERAN FIGHTS LAW ON REGISTRATION

AP Special Washington Service

WASHINGTON (AP)—A self-styled "freedom fighter" from Bensalem Township, Pa., carried his one-man campaign against a proposed local ordinance to the nation's capital today.

Masias Palouian, 34, a Navy veteran of World War II, is battling against an ordinance that would require anyone moving into or out of Bensalem Township to obtain a permit. The penalty for each violation would be a \$50 fine or 30 days in jail.

He drove to Washington in his flag-draped pickup truck bearing such signs as "Communist Type Laws Must Be Kept Out of Bensalem Township, Bucks County, Pa." "Keep America Free" "God Save America."

Solicits Opposition

He said that in the 30 days since the ordinance was proposed he has driven 2,800 miles through Bucks County soliciting public opposition.

Palouian has made an issue in his campaign of the lack of an American flag on the Bensalem Township building. He came here to get one, for which he paid \$6.50, and arranged through his congressman, Rep. Curtin (R-Pa.), to have it flown from the flagpole atop the Capitol.

Palouian, a welder by trade, said the Bensalem Township building has no flag, either inside or out, since it was erected in 1953. He said township officials gave economy as the reason, and contended it is not necessary to display a flag to show Americanism.

Palouian said he will donate his flag for use on the township building. He said he had arranged with the local Veterans of Foreign Wars post to donate the flagpole and he "will dig the post hole myself."

First Mexican Natural Gas for U.S. Cities

On August 22, a group of men gathered at Reynosa, Mexico, just across the Rio Grande from McAllen, Texas. A brief ceremony was held, and a valve was opened, starting the first major importation of natural gas from Mexico.

Soon, this gas will be heating homes and serving industry in a dozen or more Midwestern, Appalachian and Eastern Seaboard states. The gas will come from large fields in Northern Mexico tapped by Petroleos Mexicanos (Pemex).

Daily, some 115 million cubic feet of Mexican gas will move north through Texas Eastern's 5900-mile pipeline system... and (via facilities of the company's local client firms) into homes and plants as far north as New England.

By joining in utilizing this great natural resource, Texas Eastern and Pemex are making a signal contribution to the economies of both Mexico and the United States.

Through the sale of this gas, Pemex will receive an annual revenue of almost \$6,000,000 — initially. As the volume of deliveries goes up, so will the revenues.

Texas Eastern, through its 20-year Pemex contract, can assure its customers continuing and increasing supplies of natural gas. This in turn means that greater quantities of this clean, dependable and economical fuel can be made available to homes and industries in Midwestern, Appalachian and Eastern Seaboard States.

BRANDSLATEST RED CLAIM AS "BLACKMAIL"

WASHINGTON (AP) — Sen. Jackson (D-Wash.) said today the Russians are engaging in "ballistic blackmail" in announcing they have tested successfully an intercontinental missile.

Sen. Symington (D-Mo.) said the announcement yesterday "is the ultimate step in the propaganda use of this weapon."

But Symington said in Miami Beach that "in the past . . . we have all noticed that when they (the Russians) say they have something in the way of this type of weapons, it turned out later to be fact."

Arouses Interest
At the Pentagon, the Russian claim aroused intense interest but no public comment. However, there was no disposition by defense officials to disparage the Soviet claim.

Although the United States has never successfully launched an intercontinental ballistic missile

(ICBM) — one with a planned range of 5,000 miles or so—it has fired shorter range ballistic-type weapons.

Adm. Arthur W. Radford, who stepped out recently as chairman of the Joint Chiefs of Staff, has said the American program to develop long-range missiles is a good one. He said he was satisfied with it.

Some members of Congress voiced skepticism of the Soviet claim, but Rep. Patterson (R-Conn) did not share this view.

Tells Of Warning
"We who serve on the House Armed Services Committee have been repeatedly warned by our own military authorities that the Soviets are making tremendous progress in ballistic missile technology," Patterson said.

"I have vigorously protested against the proposed 10 per cent cutback in funds for the guided missile research and development program. This is the worst kind of false economy."

Jackson, who heads the Military Applications Subcommittee of Senate-House Atomic Energy Committee, said that as he reads the statement broadcast by Moscow radio yesterday the Soviets are saying "they have completed the test necessary to construct an

BRITISH FLIERS HIT OMAN AGAIN

MANAMA, Bahrain (AP) — The British air force went into action in Oman again Sunday after a two-week lull.

It was reported the action was against a village where Omani rebel leaders, Imam Ghaleb bin Ali, his brother taleb and Sheikh Suleiman bin Himyar were believed hiding in the mountains.

They are reported preparing to organize a guerrilla campaign against Sultan Said bin Taimur of Muscat and Oman.

An announcement was expected later today on the results of the action. It was believed the RAF dropped leaflets demanding the villagers hand over the rebel leaders immediately and threatening to blast the village if the demand is not met.

Unofficial reports from Muscat said 1 rebel tribesman had been captured. A representative of the rebel Imam said in Cairo the British tortured them.

British officials rejected the charge. A spokesman said the British took no part in the arrests.

English Teacher Uses Soapbox Opera Pitch

BENSON, Ariz. (AP) — Fred Bechthel, an English teacher at Benson High School, took his cue from the advertising world to induce his pupils to attend a Shakespearean play in Tucson.

He wrote on his blackboard: "The ghost of your murdered father demands that you kill his murderer. Your girl friend becomes insane and drowns herself because you have killed her father by mistake. You have a chance to kill the murderer as he kneels in prayer. What decision would you make? See how Hamlet meets these problems on Friday."

Forty pupils succumbed to the soap pitch and journeyed some 50 miles to Tucson to see the Shakespearean classic.

Jubilee Map Misses State's Best Road

OKLAHOMA CITY (AP) — The Oklahoma Turnpike Authority is a little more than unhappy with the state Highway Department.

As a promotion for this year's 50th anniversary of Oklahoma statehood, the Highway Department published a golden anniversary highway map. It left out one thing — the new 88-mile Will Rogers Turnpike from Tulsa to the Missouri Line, which has been under construction 18 months and opens in May.

CINCINNATI (AP) — Dr. Albert Sabin, noted Cincinnati virologist, says a new type of intestinal virus has joined Asiatic flu as a threat to health in the United States.

Dr. Sabin said on Friday that Milwaukee has had an estimated 10,000 cases of the new virus, which researchers call "echo type 9."

He said that no deaths have been reported in Milwaukee, but the infection made patients of all ages very uncomfortable and put them in bed for up to several days.

The symptoms of "echo type 9" are fever, aching muscles, sore throat and vomiting.

CAIRO (AP) — "There is no tourism season this year because of the tripartite aggression against Egypt. All foreigners hesitate to visit the country because of present unstable conditions," declared Rashad Morad, general manager of the Tourist Department.

GALVESTON, Tex. (AP) — Horrified witnesses rushed to help after seeing what appeared to be the body of a child hurtle from one of two cars that collided.
